OL. III. PORTLAND OREGON: THURSDAY MORNING JANUARY 7 1864. NO. 284

AYER'S CHERRY PECTORAL,

FOR THE RAPID CURE OF

Colds, Coughs, and Hoarseness.

BRIMFIELD MASS 20th Dec 1855

DR J C AYER I [illegible] hesitate [illegible] the best remedy I have ever found for [illegible] [illegible] Hoarseness, Influenza, and the [illegible] symptoms of a Cold [illegible] Its constant use in my practice and my family for the last ten years has shown it [illegible] superior virtues for the treatment of these complaints EBEN KNIGHT, M D

A B MORTLEY, Esq of Utica N Y writes "I have used your Pectoral myself and in my family ever since you invented it and believe it the best medicine for its purpose ever put out. With a bad cold I should sooner pay twenty-five dollars for a bottle than do without it or take any other remedy

Croup, Whooping Cough, Influenza.

SPRINGFIELD Miss Feb 7, 18

BROTHER AYER I will cheerfully certify your Pectoral is the best remedy we possess for the cure of Whooping Cough, Croup, and the chest diseases of children. We of your fraternity in the South appreciate your skill and commend your medicine to our people. HIRAM CONKLIN, M D

AMOS LEE Esq MONTEREY IA writes 3d Jan 1856: "I had a tedious Influenza, which confined me in doors six weeks; took many medicines without relief; finally tried your Pectoral by the advice of our clergyman. The first dose relieved the soreness in my throat and lungs; less than one half the bottle made me completely well. Your medicines are the cheapest as well as the best we can buy, and we esteem you, Doctor, and your remedies as the poor man's friend."

Asthma or Phthisic, and Bronchitis.

WEST MANCHESTER, PA, Feb 4, 1856

SIR Your CHERRY PECTORAL is performing marvellous cures in this section. It has relieved several from alarming symptoms of consumption and is now curing a man who has labored under an affection of the lungs for the last forty years.

HENRY L PARKS Merch

A A RAMSEY, M D ALBION MONROE Co IOWA, writes Sept 6, 1855: "During my practice of many years I have found nothing equal to your CHERRY PECTORAL for giving ease and relief to consumptive patients, or curing such as are curable."

We might add volumes of evidence but the most convincing proof of the virtues of this remedy is found in its effects upon trial.

Consumption.

Probably no one remedy has ever been known which cured so many and such dangerous cases as this. Some no human aid can reach, but even to those the CHERRY PECTORAL affords relief and comfort.

ASTOR HOUSE NEW YORK CITY March 5, 1856

DOCTOR AYER, LOWELL I feel it a duty and a pleasure to inform you what your CHERRY PECTORAL has done for my wife. She had been five months laboring under the dangerous symptoms of Consumption from which no aid we could procure gave her much relief. She was steadily failing, until Dr Strong of this city, where we have come for advice recommended a trial of your medicine. We bless his kindness, as we do your skill, for she has recovered from that day. She is not yet as strong as she used to be but is free from her cough and calls herself well.

Yours, with gratitude and regard

ORLANDO SHELBY, OF SHELBYVILLE

Consumptives, do not despair till you have tried AYER's CHERRY PECTORAL. It is made by one of the best medical chemists in the world, and its cures all round us bespeak the high merits of its virtues — *Philadelphia Ledger*

Ayer's Cathartic Pills.

THE sciences of Chemistry and Medicine have been taxed their utmost to produce this best, most perfect purgative which is known to man. Innumerable proofs are shown that these PILLS have virtues which surpass in excellence the ordinary medicines, and that they win unprecedentedly upon the esteem of all men. They are safe and pleasant to take, but powerful to cure. Their penetrating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood, and expel disease. They purge out the foul humors which breed and grow distemper, stimulate sluggish or disordered organs into their natural action, and impart healthy tone with strength to the whole system. Not only do they cure the every-day complaints of every body, but also formidable and dangerous diseases that have baffled the best of human skill. While they produce powerful effects they are at the same time, in diminished doses, the safest and best physic that can be employed for children. Being sugar-coated, they are pleasant to take; and being purely vegetable, are free from any risk of harm. Cures have been made which surpass belief were they not substantiated by men of such exalted position and character as to forbid the suspicion of untruth. Many eminent clergymen and physicians have lent their names to certify to the public the reliability of my remedies, while others have sent me the assurance of their conviction that my Preparations contribute immensely to the relief of my afflicted, suffering fellow men.

The Agent below named is pleased to furnish gratis my American Almanac, containing directions for their use, and certificates of their cures of the following complaints —

Costiveness, Bilious Complaints Rheumatism Dropsy, Heartburn, Headache arising from a foul Stomach Nausea, Indigestion, Morbid Inaction of the Bowels, and Pain arising therefrom, Flatulency, Loss of Appetite, all Ulcerous and Cutaneous Diseases which require an evacuant Medicine Scrofula or King's Evil. They also, by purifying the blood and stimulating the system, cure many complaints which it would not be supposed they could reach, such as Deafness Partial Blindness, Neuralgia and Nervous Irritability, Derangements of the Liver and Kidneys, Gout, and other kindred complaints arising from a low state of the body or obstruction of its functions.

Do not be put off by unprincipled dealers with some other pill they make more profit on. Ask for AYER'S PILLS, and take nothing else. No other they can give you compares with this in its intrinsic value or curative powers. The sick want the best aid there is for them, and they should have it.

By the Steamer

We publish this morning all the news received in San Francisco to the 30th December the date of the sailing of the *Pacific* Nothing of consequence is reported from the army General Ingalls has been relieved from duty as Chief Quartermaster of the Army of the Potomac, and General Hooker has been summoned to Washington, perhaps again to assume the position which he gave up to General Meade, upon whose removal the President and the War Department seem finally to have determined We trust this is so, as we were never able to perceive any lack of energy, fidelity or discretion in General Hooker's action as Commander in Chief of the Army of the Potomac, and from what we can learn, we are led to believe that the Administration is now satisfied that none of the reverses which happened during the period of his command, were justly attributable to any fault or indiscretion on his part

The exchange of prisoners is likely to be renewed, greatly to the relief of the unfortunate starving sufferers, who by the fortune of war have been captured and made realize the horrors of a rebel prison house in Richmond

The report of the surrender of multitudes of officers and soldiers who have been serving in the ranks of treason, seems to be authentic and we hope their example will be followed by thousands of their "misguided" comrades in arms We hail this as a most gratifying proof that the rebellion has passed its culminating point, and is now rapidly crumbling Doubtless there will still be stern and obstinate resistance to the Government on the part of its leaders, who have sacrificed all but life in its behalf, and have now nothing to look or hope for Wild and mad despair will keep them hostile they will give up only when utterly defeated, and by their persistent and wrathful treason will still compel the Government to fight with more earnest vigor "till the last armed foe expires"

More Military Changes —Information was received yesterday that General Alvord, Major Winston and Captain Hughes of the Regular Army, have been ordered East All these officers have been on duty here for several years, and their departure will be regretted by their hosts of friends General Alvord first came to Vancouver more than ten years ago, and has continued in this District to the present time, with brief intervals of absence His associations with our citizens and with the people generally, have been exceedingly pleasant, always ready for every good word and work, he has shown an active and genial sympathy which will long be remembered and will secure to him the best wishes of all who know him His untiring fidelity and patriotism in the time of national peril have proved him worthy of the honorable confidence which has been reposed in him, and we doubt not that wherever he goes, his services will show that the Republic has no more steadfast friend, and the army no more valiant soldier

Exploded Notions —The war has effectually and utterly dissipated two notions in regard to the negroes which generally prevailed when it begun It was anticipated that the slaves would devastate the South by a general insurrection—the existing facts prove that they do not propose any such thing It was also declared that black soldiers would not fight This is also proved to be a great mistake, and the offspring of stupid and idle prejudice Men will soon be ashamed that that they ever entertained such a notion, for the determined and persistent gallantry of the colored regiments has won the involuntary admiration even of those old army officers who vehemently opposed their enlistment Our Consul at Vera Cruz states that "the best and most reliable troops with which the French are making their Mexican campaign are the negro brigades from the West India Islands Vera Cruz is garrisoned solely by them "

Ice at Willow Bar —We were told last evening that Columbia river was closed by ice at Willow Bar, and that navigation must be suspended until the drift moved downward or broke up The steamer *John H Couch* came back at 7½ o'clock, with freight and passengers from the *Pacific* The *Hunt* had not returned at a late hour

The weather continued cold throughout yesterday, the wind changing to the Southward with symptoms of snow when it moderates sufficiently A few flakes fell between nine and ten o clock, in the evening but about midnight it commenced in earnest, and soon covered the ground Hurrah for the merry jingling of the sleigh bells

Dalles Express —Mr Holland, messenger for Wells, Fargo & Company, will start for the Dalles with the Express to day, by the trail

Richmond Prisons—Scenes on Belle Isle

A public address was recently delivered at Piqua, Ohio by the Rev James Haney chaplain of the 110th Ohio Volunteer Infantry who was taken prisoner by the rebels at Winchester during the Pennsylvania campaign in which he gave a description of his prison [illegible] His narrative begins at Winchester, while the rebels yet held that place Mr H gives an interesting account of the life and death of Federal soldiers in Castle Thunder Castle Lightning, and Libby Prison We have only space for his account of Belle Isle He says

The soldiers confined on Belle Island are nearly starved or fed on tainted meat If a man has the money he can send out and buy a barrel of potatoes for $16, a barrel of flour for $40 a pound of sugar for $3 a pound of coffee for $10 On Belle Island there are thousands of our men without anything to keep them warm for when men go into a battle they sometimes lose their hats or throw off their coats, and leave their blankets and such are many times destitute They lie down at night upon the sand without any blankets to keep them warm and nothing but the great canopy of heaven for a covering and the stars as it were for their candle And there some of our soldiers have been month after month without anything, under heaven to make them comfortable You pity the soldiers in our own hospitals—then my friends let your pity go out for those on Belle Island They are there sickening and dying by tens by twenties by hundreds

Here before you to night and before God at whose judgment bar I must stand it is murder for these rebels to put our men into that condition and our Government should take some step to relieve those men who are absolutely being murdered in this way I saw your townsman Mr Hayes who was on Belle Island and had been taken from there to the hospital He told me of his sufferings Twice he was paroled to be sent north but he was too weak to go the depot Men who are in the hospital are put into an ambulance and taken to the depot, but if they are on Belle Island they must walk Now this man was twice paroled but was too weak to walk to the cars and was left behind Many of our men become so weak that many of them join together to help one another Mr Hayes was brought to the hospital reduced to a living skeleton and I obtained permission to visit him and learn of his trials and sufferings and received his message to his family In view of eternity just before him he was cheerful and contented with the hope and prospect of glory before him

But my friends, this is only a single instance of the sacrifice that has been been made not only for our country but as a sacrifice to rebel cruelty Our boys on the Island instead of good provisions get mule meat or tainted meat, that before it was killed was as poor as the turkey that had to lean against the gate post to gobble Many of those men are absolutely starved, and left without food, water or blankets There are about 8,000 brave men there many of them from Ohio whose sufferings must be terrible Can you wonder that sympathy goes out for those suffering men who have become so weak that they can hardly stand upon their feet? Castle Thunder is northwest from Libby Prison and [illegible] where they confine both men and women Down in one room in Castle Thunder there were 100 men This room runs the entire length of the building and was 100 feet long There was one window at the end of the room, and that was closely cross barred There were 100 men confined in this room and two of them were in an entirely nude state without one particle of clothing on their bodies They had been there two years and what little of thing they had on when they first went in had worn out and gone—shred by shred—until they were in an entirely nude condition They spent the winter by heating the saw dust at the fire and then making a bed like pigs they would get into it and get those who were clothed to lie around them to keep them from freezing during the winter The floors of the prison were covered with two or three inches of saw dust and having but one window in the room only a few could get to it to examine their clothes, and they became so covered with vermin that the rebels had to take them out into the yard and set the negroes to scrub them off

Branch Pacific Railroad to Oregon and a Railroad from California —The citizens of Portland have at last made the first important move in this great enterprise May all the towns and counties throughout the State do likewise, indorse the following memorial to Congress, and sign it by thousands It is the intention, we are informed, of the committee who drafted the petition, to send printed copies to all the Post Masters throughout the State to solicit signatures, with instructions for the Post Masters to forward them to Portland Post Office, from which place they are to be forwarded to Congress The committee consists of the following gentlemen G H Williams E D Shattuck, A B Hallock, G W Vaughn A B Elfelt A Holbrook H Seymour, G H Flanders, and Chas M Carter The following is a copy of the memorial prepared by them, and presented to us for publication by Mr Carter, the Chairman

To the Honorable the Senate and House of Representatives in Congress assembled

Your memorialists citizens of the State of Oregon would respectfully and earnestly invite your attention to the great and growing necessity of a direct railroad [illegible] between the vast area of country [illegible] the Columbia river and its tributaries the Atlantic States [illegible] of country embracing the State of Oregon and the territories of Washington and Idaho [illegible] of this section [illegible] Many parts of this region [illegible] agricultural and manufacturing pursuits [illegible] pouring into this country with a rapidity [illegible] permanent [illegible] everything [illegible] the most powerful [illegible] Columbia river

Your memorialists would also call your attention [illegible] through the [illegible] and Willamette valleys to the city of Portland in Oregon [illegible] Columbia river and earnestly urge the same upon your favorable consideration

Washington Dec 28—[illegible]

The Confiscation Act is executed with great vigor in this District and new cases of seizure of property occur

St Louis Mo Dec 28—News from Memphis of the 24th says that Gen Hurlburt's forces which have been watching Forrest and Chalmers have had several skirmishes with portions of the rebel forces near Somerville and Newcastle

A dispatch from Newbern N C the 23d says A late Wilmington paper announced the arrival there of a great number of blockade runners and a refugee just arrived says that 21 arrived there the night before he left

Cairo Dec 2[illegible]—From Memphis we have the following regarding affairs in the interior In West Tennessee Forrest is still conscripting the inhabitants many of these however refuse to take up arms and the consequence is Forrest's guardhouse at [illegible] is filled with men who have been taken from their families It is reported that a number of Union men are now held as prisoners at that place Many good Union men to escape Forrest's conscription have taken to the woods and hide in caves not daring to show their faces at home

There is a feeling of the utmost hatred between the rebels and those who have affiliated with the Union forces The Union men are hunted by guerillas and if caught are subjected to the most brutal treatment Forrest's brigands [illegible] in Western Kentucky, for the purpose of conscripting men and stealing horses The guerillas under Murray and Payne, who were operating in the vicinity of Raleigh and Union Depot gathered up their traps and moved north to unite with Forrest Colonel Ferguson is with Forrest at Jackson, and Richardson has not yet assumed command of his department He is, doubtless keeping out of harm's way somewhere in Dixie A large majority of the people are heartily tired of their presence and most devoutly wish for the expulsion of the guerillas

Fortress Monroe, Dec 28—A flag of truce boat arrived from City Point to day with 5,000 Union prisoners in exchange for those sent up by Gen Butler The rebel Government refuses any further exchange unless all questions are given up about which our Government has been contending and their laws in regard to officers and soldiers in negro regiments are recognized They also refuse to receive a flag of truce from Gen Butler, or negotiate with him on the subject of exchange because of Jeff Davis proclamation outlawing Gen Butler last year It will be remembered that they were quite willing to receive from him and to correspond with him notwithstanding the proclamation [illegible] the [illegible] exchanged 5,000 prisoners with Gen Butler

The Richmond *Examiner* of to day, has the following

Charleston Dec 2[illegible]—The enemy commenced shelling this city last night keeping up a steady fire which was still going on at nine o'clock this evening A fire broke out at two o'clock destroying ten or twelve buildings and causing a few casualties A heavy firing was heard in the direction of Stono which is believed to have been between our batteries and the enemy's gunboats The shelling of the city continues to day One white man was mortally and one woman slightly wounded Three firemen were badly wounded by the falling walls of the burning buildings Three or four were slightly wounded

Charleston December 26—From 12 o'clock on Sunday night to 1 the next afternoon one hundred and thirty shells were thrown into the city The enemy fired five guns—three at Gregg, one at Cummings Point and one from the mortar battery The engagement on Johns Island between our light batteries and the enemy's gunboats resulted in a drawn fight with but few casualties

Charleston Dec [illegible]—The enemy fired four shells at the city last night There was no firing from Morris Island to day Our batteries kept up a steady fire on the working parties who are engaged in erecting another battery at the extreme end of Cummings Point Our loss at Stono was killed and wounded

Washington Dec 28—The Richmond *Enquirer* of the [illegible] says that our Government has abandoned every point excepting the treatment of negro prisoners Now the simple truth is that our Government has not abandoned any point It is known that Gen Butler who has superseded Gen Meredith has no such instruction The prisoners at Forts Norfolk and McHenry and Point Lookout have been placed under orders and he is authorized to [illegible] exchange [illegible] officer of equal rank—with those paroled and sent forward by himself The [illegible] exchange so far as the prisoners in the rebels possession will admit and [illegible] the effort will be [illegible] officers [illegible] equality [illegible] the honor and dignity of the Government in the protection of the negro prisoners and their officers [illegible] Gen Hitchcock to Fortress Monroe [illegible] Gen Butler, [illegible] of an equal number of prisoners [illegible] future determination—the excess [illegible]

The expedition planned by Gen Gilmore for taking Savannah was abandoned, in consequence of the return of the rebel troops who had been sent to Bragg's assistance Several expeditions are now fitting out from which good results are anticipated It is stated that Quartermaster General Meigs is to be reinstated in his office

The *Herald's* dispatch says It is rumored to day that General Hooker has been suddenly ordered to Washington

A Charleston letter to the Baltimore *American* dated in the fleet the 24th says As I intimated in my last we have settled down here into the expectation of a month or two more of inactivity The strike among the engineers at the north, which has delayed the completion of the Monitors, and deprived our ironclad fleet of the reinforcements which were expected here more than a month ago has been the primary cause of delay The disaster to the *Weehawken*, and the coming of the winter season with its constant storms have still further enforced this delay Two months hence spring will be advanced here and with our ironclad force increased by three or four new Monitors, we will be prepared to take advantage of the most healthful and pleasant part of the season Let us hope that if Grant has not stolen a march on us by one of his famous rear attacks that Charleston will then fall In the meantime if we cannot look for immediate and decisive results here no great disaster need be apprehended Gen Gilmore's position is impregnable The Monitor *Lehigh*, by the time this reaches you will have completed the repairs rendered necessary by the hammering she received while aground The *Passaic* has also completed her repairs and will shortly relieve the *Nantucket* in Wassaw Sound Both the *Patapsco* and *Lehigh* have been provided with extra deck plates that will add to their invulnerability

The Richmond correspondent of the London *Times* admits the blockade is now for the first time made access to the rebel ports really dangerous and difficult A correspondent of the same journal, with the rebel army in Tennessee admits the crisis is approaching to test the South and pays high tribute to the magnitude of Northern faith and self reliance, as contrasted with the lukewarmness of the South [illegible] masses

The replies of the Germanic Confederation and Denmark [illegible] in regard to the Congress are published All accepted It is reported that Austria has sent a note definitely declining the invitation It is stated that Drouyn de l'Huys has sent a circular to the French diplomatic agents relative to the Congress stating that the refusal of England has frustrated the combination but that France is ready to come to an understanding with the governments and is willing to take practically among themselves those questions liable to lead to complications

The Territorial Printing.

Olympia, Dec 31st 1863

Editor Oregonian

Your recent truthful and well timed remarks relative to the course taken by Dr Henry in his attacks upon Secretary Evans and the Legislative Assembly—the Secretary for appointing and the Legislature for endorsing the appointment of T F McElroy Public Printer—was received and read with much feeling of approbation by [illegible] I might say that the feeling is almost unanimous among the people that the [illegible] of the *Standard*, with Dr Henry as editor [illegible] was the best thing that could be done to strengthen the Union party and give relief to the friends of the Administration who have too long been forced to acknowledge the sickening presence of such a man as a leader of the Unionists, and the [illegible] he has persistently claimed to be the especial favorite and confidential adviser of the President His course reminds me of old Pat Kanim a not unusual rascal Indian chief who figured largely in the war in this Territory in 1855-6 This old filthy savage remarked that he was [illegible] Gobbernor Stevens—that is he was the [illegible] equal if not a little superior Henry says he [illegible] Abe Lincoln and from a recent editorial in his private [illegible] he seems to claim superiority [illegible] the President in rescuing the policy that would be adopted by the Administration [illegible] rebels The fact is the Union party of this Territory has already suffered defeat and is constantly sinking and will continue to sink until it is completely buried in copper by the weight which is hanging about its neck equal to two mill stones [illegible] Evans has manfully undertaken to release it [illegible] and the feeling is strong in his favor [illegible] the Legislature and all good friends of the Union on this coast eventually succeed in tumbling the load overboard and allow the ship to right itself [illegible] any assistance you may lend will be gratefully [illegible]

[illegible] relative to the appointee of Secretary Evans Several allusions have been made by the *Standard* that Mr McElroy was an enemy of the Administration and a traitor to the Government &c all of which are as false as the heart that prompts these insidious attacks I know Mr McElroy to be a true friend to the Government and a willing supporter of the Administration He was a Democrat [illegible] Douglas Democrat before the rebellion broke out [illegible] the first gun was fired at Fort Sumter [illegible] stood upon the Union [illegible] It is true he was a candidate for the office of Printer at the last session of the Legislature but it is not true that he pledged the Democrats to start a democratic paper if elected [illegible]

THERE is no other way to cure diseases but by **first purifying the whole system so as to create a healthy circulation.**

The first medical men of the age agree with us, that no disease of any extent can be cured without using such medicines as will act directly upon the blood. Why many medical men have failed to cure chronic diseases is, because the medicines used have not been such as will act beneficially on the blood.

The many thousands of bottles which have been used by the public, and the many gallons and barrels supplied to the physicians, warrant us in saying that the last two years we have been more successful with our **Scovill's Blood and Liver Syrup in curing hopeless cases of chronic diseases** than have any other remedies in the hands of physicians, or before the public.

It is now admitted that no combination known to the profession, acts so promptly upon diseases as our SCOVILL'S BLOOD AND LIVER SYRUP.

Petition of Mary Mayer to have the taxes on her property reduced from $1,500 to $700, referred to committee on ways and means.

Petition of Jacob Mayer for reduction of taxes, referred to the same committee.

A communication from the Chief Engineer recommending the purchase of a stove for Multnomah Engine Co. No. 2 was read and referred to committee on fire and water.

A plan for fencing in the public square was presented by T. C. Lord and referred to the committee on streets and public property.

Report of City Collector read and referred to the same committee.

A communication from the City Collector, and protest of A. Cahn and others relative to paying regular and special tax in legal tender currency was read and laid on the table.

Bills paid—R. Pittock, $30, for rent of No. ... Engine House; James Burk, for rent of No. 3's Engine House, 3 months, $120; Portland Gas Co., $15; Allen & Lewis for blankets for City Jail, $45; J. F. McCoy, for services as Recorder, $2,260.

A resolution was introduced instructing the City Collector to demand payment of delinquent tax payers in gold or silver coin, and in case of non-payment to sell their property on the first day of March next, for payment of the same; referred to committee on judiciary.

A resolution was introduced instructing the City Treasurer to keep the returns of special taxes separate from the general fund, and not to pay out the same until directed so to do; referred to committee on judiciary.

AT CRYSTAL LAKE. — The scene presented at Crystal Lake, yesterday, early and late, was animated. Hundreds of gentlemen, and more than thirty ladies participated in or witnessed the sport, and all sorts of sleds were improvised to treat the girls to a ride behind a skating team. Somebody, with "an eye to ...," had at the edge of the lake a table, covered with slim-necked bottles, etc., with a little bon-fire on the ground beside it, reminding one of the many old-time pioneer gatherings on this coast.

SURPRISE PARTY.—About thirty ladies, accompanied by gentlemen, met at the store of a First street merchant, last evening, to attend a surprise party. The fun of it was, the lady at whose residence it was to be held, had her name among the invited guests, and did not dream of being invited to attend a party at her own house until they arrived at the door. A liberal assortment of provender accompanied the crowd, and a fine time was had.

MAGAZINES, PICTORIALS AND VALENTINES.—J. McCormick, at the Franklin Book Store, has on hand a large stock of all the different Atlantic and European pictorials, magazines, and newspapers of latest dates, just received. His selection of valentines is comprehensive, and those in want of the article cannot fail of being suited if they call and examine.

BARK INDUSTRY.—The bark *Industry*, Capt. ..., left here yesterday morning in tow of the steamer *John H. Couch*, but owing to her departure at low water, had to cast off and wait for the tide, before she could cross Swan Island Bar. We understand that she did not load entirely up, but had room for 1,500 more ..., carrying away about 7,500.

ALARM OF FIRE.—At half past nine o'clock last evening, an alarm of fire was occasioned by the ignition of a roof on Madison street, between Front and First. The firemen were promptly on the spot, but the fire was extinguished without recourse to the machines.

SANITARY BALL TO-NIGHT.—We hope those who can attend will not forget the ball to be given at Vancouver to-night, by the Ladies' Sanitary Aid Society.

BRIDGE BROKE.—As two gentlemen were skating a race, yesterday, one of them fell and broke the bridge of his nasal protuberance.

THE PACIFIC took away about twelve hundred boxes of apples. She could have filled up had she come to the city.

THE County Court closed its labors for the term yesterday, after a three days' session.

MODERN IMPROVEMENTS.—If we purchase a house to live in, we are sure to want all the "modern improvements," and in a descending scale, in all our purchases we want the same. This fact applies with peculiar force to that important accessory to a household of the present day—a sewing machine. When our fair readers purchase one of these, they want one, of course, with the "modern improvements"—they want to *embroider* as well as *sew* with the machine, for they never would be satisfied to *make* their dresses on the machine, and then slowly put on the embroidery by hand; nor need they, for with Grover & Baker's celebrated machine they can do both, and with an ease and rapidity astonishing to behold.

To The Public.

I WOULD HEREBY CALL THE ATTENtion of the public to the fact, that on the first of May, 1864, they will be called upon by the United States Assessors, to make statement of Income for the year 1863, and as the year 1863 is just ended, it would be well for every one to make up their accounts for said year, while every thing is fresh in their memory, and be ready to make statement when called upon by the Assessor.

Under the ruling of the Commissioner of Internal revenue, persons can only deduct expenses for repairs, etc., from the amount received from the same property on which such expenditure have been made. For instance—a person receives $500 for rents, he can use of that amount all that is necessary to repair such property, from which rents were derived, the same rule applies to steam-boats, sawmills, and other like property; but all monies derived from interest on notes, Bonds, Mortgages, and from dividends, must be returned as Income, although a portion or the whole has been expended in repairing buildings, steamboats, etc.

If persons will prepare their accounts and statements showing amounts received and the source from whence derived, amount expended, and for what purpose, then with the forms and blanks which will be furnished them by the Assessor, a correct return can be made.

The Persevering Bachelor

Mr Peter Robinson was a bachelor stout and almost forty Peter had never loved but once and the adoration of his heart had been bestowed upon Miss Lucy Poppleton but, alas! Peter had failed to express his passion at the proper moment or in other words, had failed to come to time and one day his heart was lacerated by receiving an envelope of cards announcing that the delightful Lucy was about to become Mrs Jimmerson Crooks

It was a terrible blow to Peter but he staggered up from it and still loved the object of his early passion — at a distance Mrs Jimmerson Crooks revelled in the delight of matrimony leading fashion her husband and Peter—at a great distance—by the nose for five years at the end of which time Mr Jimmerson Crooks chose to depart for another sphere leaving Mrs Jimmerson alone to mourn her duty

Once more Peter's heart sprang up from dust and ashes, and looked forward to the time when the allotted period of mourning should be over and he could pour forth the pent up agonies of five years and ask companionship in the hand of the fair widow One year thought Peter, is surely enough of time I will give her one year Month and month rolled away until he could stand it no longer A sickish misgiving of the evils of delay drove him to precipitate the asking When the the tenth month came he sought the widow at her home, and with all the ardor of a pent up love poured forth his tale The widow heard him—heard him calmly unto the very end and then, with her delicately perfumed handkerchief pressed to her blushing cheeks, told Peter that she had only one week before promised her hand to Dr Stickleback and oh! why did not her dear friend speak before?

A second time was Peter's heart torn into minute fragments a second time was he sent into the world to admire—at a distance

Time sped on, and once more Peter began to encourage hope Perhaps Stickleback might die he certainly had an appoplectic look, and sure enough Peter's perhaps turned out a certainty, and Mrs Dr Theodosious Stickleback was once more a mourner Peter had learned too bitterly the dangers of delay to suffer any such cause to stand this time between himself and success He would not give the widow a year nor yet ten months—nay, not even six, but the third month he would go to her with his tale of love deferred and so he did We must transcribe the widow's own words when the question was popped

Oh! Mr Robinson, why did you not come before? You know my esteem for you! You know that I would have set aside all other offers for you, but oh! how can I tell you—that only last evening I promised Captain Hawkins Poor, dear sweet Hawkins! he's your intimate friend I know I've heard him speak so highly of you! Oh, why did you not speak before?"

And so Mrs Doctor Theodosious Stickleback was transformed into Mrs Jonathan Hawkins, and Peter was once more left to admire—at a distance

Still Peter waited and hoped Something might turn up, he argued, and then he would not allow himself to be too late and something did turn up, the something being nothing more or less than the redoubtable Captain, who turned up missing, having fallen overboard from the steamboat while out on a target excursion with his company, and sunk like a stone owing undoubtedly to the ponderous nature of his responsibilities

The suddenness of this exit, as Peter argued, most certainly act with depressing force on the widow, and thought he would not give her again time to recover and he admired still etiquette demanded a little time to intervene Accordingly when, upon the tenth day after the melancholy bereavement, Peter knocked at the widow's door, bent upon his errand of love, he rather chuckled to himself that he was taking time by the forelock The business on which he came was quietly told and once more the widow was in a torrent of tears

"Oh, Mr Robinson" she exclaimed, hiding her blushing face in her cambric "why are you so unfortunate, and why am I? You know my esteem for you, but you are too late I am already engaged You know Counselor Ketchum?—my poor, dear dead and gone Hawkins' most intimate friend He was with him, you know, when he was called away, and was the first to communicate to me the awful intelligence He was such a comforter, and I have promised to have him this day two months

This time Peter was crushed he had no words to express his broken heartedness, but to rush from the house, and go on as before admiring at a distance

It was months before Peter even offered to encourage hope, and even then it flickered One day he was walking in despondent mood through one of the upper avenues when he heard a sudden shout, and started From a half finished building just in front of him, he saw, as he raised his eyes a stout Milesian making gyrations in the air from a height of three stories, in company with a coping stone weighing something less than half a ton—the two having slipped together from a scaffold at that height He saw both Milesian and the stone strike full upon the heads of two gentlemen passing, and the whole four were in an instant mixed in an inextricable heap Like all the other spectators, Peter rushed to the rescue, only to behold, between horror and joy, the last gasps of Counselor Ketcham and the gentleman who was walking with him, and the perfect safety of the Milesian and stone

This time Peter would trust to no passing of time Without an instant's delay more than to satisfy himself that life was extinct, he hailed a passing hack, and then sped to the mansion of the widowed Mrs Ketcham In words of the most delicate and endearing nature Peter communicated his intelligence to the widow, and waited the result and then, between her sobs and tears, claimed her hand for the next set

"Oh, Mr Robinson," sobbed the widow, "how can you ask me such a thing? How could I know that you would be the first to bring me the news of my dear Ketcham's decease? You know how I esteem and respect you, but—I am already engaged!"

"Engaged!" shrieked Peter "to whom?"

"I promised," responded the widow, between her sobs, "I promised a month ago if anything happened—I would marry Colonel Snapper"

"You did!" shouted Peter, his whole appearance changing in an instant from that of a fiend to a look of unbridled joy, "and who are you engaged to after that?

"No one," sighed the widow

"Will you swear this?" said Peter

"I swear it," responded the widow solemnly

"And will you marry me after Snapper is gone?"

"I will" said the widow

"Do you swear it?"

"I swear it"

"Then you are mine charming Lucy for the stone that ushered the Counselor into the next world also took the Colonel I saw it with my own eyes"

The next moment the widow was in Peter's arms, and they were married in a month

AYER'S

CHERRY PECTORAL,

FOR THE RAPID CURE OF

Colds, Coughs, and Hoarseness.

BRIMFIELD MASS., 20th Dec., 1855.

DR. J C AYER I do not hesitate to say the best remedy I have ever found for Coughs, Hoarseness Influenza, and the concomitant symptoms of a Cold is your CHERRY PECTORAL. Its constant use in my practice and my family for the last ten years has shown it to possess superior virtues for the treatment of these complaints EBEN KNIGHT, M D

A B MORTLEY Esq of UTICA N Y., writes "I have used your PECTORAL myself and in my family ever since you invented it and believe it the best medicine for its purpose ever put out. With a bad cold I should sooner pay twenty-five dollars for a bottle than do without it or take any other remedy."

Croup, Whooping Cough, Influenza.

SPRINGFIELD MISS., Feb. 7 [illegible]

BROTHER AYER I will cheerfully certify your PECTORAL is the best remedy we possess for the cure of Whooping Cough, Croup and the chest diseases of children We of your fraternity in the South appreciate your skill and commend your medicine to our people HIRAM CONKLIN, M D

AMOS LEE Esq MONTEREY Ia writes, 3d Jan., 1856, "I had a tedious Influenza which confined me in doors six weeks took many medicines without relief finally tried your PECTORAL by the advice of our clergyman The first dose relieved the soreness in my throat and lungs less than one half the bottle made me completely well Your medicines are the cheapest as well as the best we can buy and we esteem you, Doctor, and your remedies as the poor man's friend."

Asthma or Phthisic, and Bronchitis.

WEST MANCHESTER, PA., Feb. 4, 1856.

SIR Your CHERRY PECTORAL is performing marvellous cures in this section It has relieved several from alarming symptoms of consumption and is now curing a man who has labored under an affection of the lungs for the last forty years.

HENRY L. PARKS, [illegible]

A A RAMSEY M D ALBION MONROE Co, Iowa, writes Sept. 6 1855 During my practice of many years I have found nothing equal to your CHERRY PECTORAL for giving ease and relief to consumptive patients or curing such as are curable

We might add volumes of evidence, but the most convincing proof of the virtues of this remedy is found in its effects upon trial

Consumption.

Probably no one remedy has ever been known which cured so many and such dangerous cases as this. Some no human aid can reach but even to those the CHERRY PECTORAL affords relief and comfort

ASTOR HOUSE NEW YORK CITY, March 5, 1856.

DOCTOR AYER, LOWELL I feel it a duty and a pleasure to inform you what your CHERRY PECTORAL has done for my wife She had been five months laboring under the dangerous symptoms of Consumption from which no aid we could procure gave her much relief She was steadily failing, until Dr. [illegible] of this city, where we have come for advice recommended a trial of your medicine We bless his kindness, as we do yours, for she has recovered from that day She is not yet as strong as she used to be but is free from her cough, and calls herself well.

Yours, with gratitude and regard

ORLANDO SHELBY, of [illegible]

Consumptives do not despair till you have tried AYER'S CHERRY PECTORAL. It is made by one of the best medical chemists in the world, and its cures all round us bespeak the high merits of its virtues — *Philadelphia Ledger*

Ayer's Cathartic Pills

THE sciences of Chemistry and Medicine have been taxed their utmost to produce this best, most perfect purgative which is known to man. Innumerable proofs are shown that these PILLS have virtues which surpass in excellence the ordinary medicines and that they win unprecedentedly upon the esteem of all men They are safe and pleasant to take, but powerful to cure Their penetrating properties stimulate the vital activities of the body remove the obstructions of its organs, purify the blood and expel disease They purge out the foul humors which breed and grow distemper stimulate sluggish or disordered organs into their natural action and impart healthy tone with strength to the whole system Not only do they cure the every-day complaints of every body but also formidable and dangerous diseases that have baffled the best of human skill. While they produce powerful effects they are at the same time, in diminished doses the safest and best physic that can be employed for children Being sugar-coated they are pleasant to take; and being purely vegetable are free from any risk of harm. Cures have been made which surpass belief were they not substantiated by men of such exalted position and character as to forbid the suspicion of untruth Many [illegible] physicians have lent their names to certify to the public the reliability of my remedies, while others have sent me the assurance of their conviction that my Preparations contribute immensely to the relief of my afflicted, suffering fellow-men.

The Agent below named is pleased to furnish gratis my American Almanac, containing directions for their use and certificates of their cures of the following complaints:—

Costiveness, Bilious Complaints, Rheumatism, Dropsy, Heartburn Headache arising from a foul Stomach, Nausea, Indigestion Morbid Inaction of the Bowels, and Pain arising therefrom, Flatulency Loss of Appetite, all Ulcerous and Cutaneous Diseases which require an evacuant Medicine, Scrofula or King's Evil They also, by purifying the blood and stimulating the system, cure many complaints which it would not be supposed they could reach such as Deafness Partial Blindness, Neuralgia and Nervous Irritability Derangements of the Liver and Kidneys Gout, and other kindred complaints arising from a low state of the body or obstruction of its functions.

Do not be put off by unprincipled dealers with some other pill they make more profit on. Ask for AYER'S PILLS, and take nothing else. No other they can give you compares with this in its intrinsic value or curative powers. The sick want the best aid there is for them and they should have it.
